Gene Going Abroad

He said his immediate plans were uncertain, but that he might return home with his brothers to Glasgow, New Zealand, to see his mother before standing in any more ring wars.

Tuesday said today that he plans to go to the country and spend a few days with his mother, three sisters and brother. Next week he will go to Greenwich, Ct. to visit friends, remaining there until August 15, when he plans to sail for Europe with his brother, Thornton Wilder.

Tuesday was up at 128 a. m. today and ate breakfast with a few intimates. He then spent the morning at home with his mother, Mrs. Mary Tunney, in Scarborough.

Whatever the luck of Tex Rickard in luring the shoe customers through the gate, Gene was not worried about his own share of the gold.

Though the Madison Sq. Garden Corporation took one on the chin as far as the gate went, the champion gets his guarantee of \$125,000, no surpluses.

The check will go first to the boxing commission, then to Tunney, who signed his own contract and no deputy will handle the check for him first.

On bounding out of bed this morning, Tunney was all smiles.

Feeling fine, he declared when he greeted his waiting friends.

Forcing Governor James M. Cox of Ohio one of the party with whom the champion ate breakfast.

Rickard declared that his days of guaranteeing boxes tremendous purses are over.

"In future heavyweight fights plans and the rest of them will be set a percentage of what they draw," said Tex.

"With Dempsey in retirement, million-dollar gates are no longer a certainty."

I believe that Tunney's knock-out of Heener will make the champion a better attraction the next time it will be necessary to fill Gene against some young fellow whom the public believe has a chance to knock him out.

Seeks New Contender

"I shall start building up a new challenger right away. I would like to match Sharkey to fight Pauline here in September and have the winner later on clash with Knute Hansen. I don't care much for Johnny Risio as he has not any crowd appeal. Tommy Louderman may also decide to come into the ring."

MOBILE IS HISSED IN NORWAY

Continued from First Page.

at the little place of Fagnares, about two miles from Narvik, the crowd waiting on the quay ignored the appeals of the Italians crew to take the morning rope cast ashore, a sailor was forced to jump to the quay to tie the ship and finally a boy of it pitted him and helped in the morning.

Capt. Filippo Zappi, navigator of the ship, spent on deck intending to go to his room clothes. There were hostile cries from the crowd on the quay and he decided to remain aboard the ship.

There was a military air about the vessel. Marines with bayonets fixed and guard over the gangplank.

Noble did not appear for some time after the ship had been moved. He was working in the cabin and it was stated he had been spending some time compiling a report of the expedition. He has now recovered sufficiently to stand without a stick, but is still much broken down.

The barking of Rina Dof Tulin was heard about 11. The dog has grown fat and wagged her tail merrily.

During the afternoon the Italians appeared on the deck of the vessel. Natasie Occident, motor chief, whose leg, broken in the crash of the ship, was bandaged, appeared to be the merriest. He jumped around on crutches with a gleeful cry in his mouth.

Noble seemed ill when he appeared wearing civilian clothes with his gloves in one hand.

He smiled a bit when talking to companions aboard, but appeared to be nervous and almost minded. His next sufferings were manifest and this seemed to have a restraining effect on the onlookers.

RADIO ORDER IS EXTENDED

Washington, July 27 (AP)—The Federal Radio Commission today extended until September 2, the license of 125 broadcasting stations whose cases are pending under an order which cited 11 stations to show cause why their licenses should not be revoked August 1.

The licenses of the remaining 35 stations were revoked by the commission or voluntarily surrendered.

Judge Ira E. Robinson, chairman of the commission, said the extension order should not be construed as a decision that the operation of these stations will serve public interest.

The extension was granted to enable the commission to give further study to these cases.

AVERY HOPWOOD LEFT \$1,000,000 ESTATE

New York, July 27 (AP)—The chief beneficiaries of James Avery Hopwood's will which was filed today and which disposes of an estate of approximately \$1,000,000, are his mother, the University of Michigan and Dr. George W. Howard of Westport, Ct.

Hopwood was a playwright who was drowned recently in France.

While driving her automobile with one hand at 55 miles an hour, Miss Eleanor F. Cutler, 35, of Fulton st., Medford, used the other to thumb her nose at a policeman as she flashed through Wakefield, according to his testimony in Malden court today.

She was fined \$25 on two charges of speeding.

The officer who gave his testimony was Herbert Stanley of Wakefield. The nose-thumbing incident occurred at 2 a. m. July 19, he testified. Four days before he had arrested her on a similar charge.

On the second occasion he commanded an automobile and overhauled Miss Cutler near the Wakefield-Medford line, he said.

"The Textile Council will go on picketing as heretofore. We have got to picket. It seems that what happened at Sharp mill, if repeated, will bring the law to disaster."

325 at Cox Dinner

St. Albans, Vt., July 27—Charles M. Cox, president of the C. M. Cox Co. of Boston, was host to 325 members of his organization and its wife guests at a dinner celebrating the 15th anniversary of the St. Albans Grain Co. here.

Inside, thrust his head between two of the top pickets.

His head slipped through easily enough, but when he tried to withdraw it the bars held it. The child struggled in vain for a time, and then attracted the attention of passersby, who attempted to aid without success.

Then they called the police and McFarland and Noble arrived in the police machines. They, too, tried to release the boy, but their efforts were unavailing until the jack was brought off. Placing it between the bars above the boy's head the policeman succeeded in forcing them apart, and Harvey was released from his predicament.

So little did the experience affect him that he resumed his play in the yard, remaining there for an hour or two.

DECLARES N.Y.C. MAN BLOCKING UNION DEPOT

Howard M. Blane, vice-president of the New York Central lines, operating the Boston & Albany, is the chief stumbling block in the obtaining of a new Union station in the Back Bay, William J. McDonald, prominent real estate man, told the Public Utilities Commission today. McDonald, speaking at the commission hearing on the projected station, said of Blane: "His attitude right along has not been good, so far as co-operation is concerned." The realty man told interviewers he has had since the Back Bay station fire, both with Blane and with Arthur F. Russell, vice-president of the New Haven railroad. Russell, according to McDonald, agreed to co-operate in a new station and said he would be glad to submit to the railroad's board of directors any plan the latter may have prepared. McDonald said he told the railroad officials that local financial interests stand ready to build a \$3,000,000 station, if the type to be built meets with their approval and it is laid out in a manner to bring a sufficient return on their money. David W. Huntley, garage proprietor and property owner in the vicinity, told the commission that if a new station is to be built, it should be on a level with the train and not above. He said he favored none of the present sites. Representing the Park Square Trustee, Albert H. Anderson spoke for the new projected station and placed also on record as in favor. Gen. Charles J. Cole and Pres. Daniel Marsh of Boston University.

PLAN BONFIRES FOR GLIDER

North Truro, July 27—Capt. Paul Roehre, German glider expert, announced today that an endurance flight, in the attempt to break the world's gliding record of 14 hours 23 minutes, will be made by Pilot Peter Hesselbach in the monoplane Darmstadt at the first favorable opportunity. Although a southwest wind was blowing today, Capt. Roehre said it was not strong enough or steady enough for the proposed flight, a sustained breeze of at least 23 miles an hour being necessary. The proposed endurance flight will probably last into the night, and plans are being made to have the ground and beach at Highland Light illuminated by bonfires. It was understood that the attempt would not be made until next week, the gliders meanwhile resting on their barrels, achieved when Hesselbach remained in the air 58 minutes yesterday.

DROWNING GIRL CARRIES BOY TO DEATH

Kington, July 27—A brave rescue was awarded today to Gerald Sweeney, 19, who died in the attempt to save a life. But the girl, Louise Givoni, 13, whom he tried to save, carried him down to death with her in the Gable and Drew Mill pond here.

The girl was in swimming with Myra House, also of this place, and Gerald Sweeney was seized with cramps.

She screamed. She was then half way across the pond.

Hearing her cries, young Sweeney plunged in. As he reached the drowning girl she grabbed him around the neck, they both sinking, and never came up.

The Givoni girl was the daughter of Mr. and Mrs. Joseph Givoni of Main st., Kington, and was in the fifth grade school of this town. She has one sister and three brothers.

Sweeney was a son of Mrs. Edward Sweeney and the youngest of four brothers and was employed in the Mabbett Mills in Plymouth.

POISON GIRL IS HELD IN N. Y.

Worcester, July 27—Miss Eva Kilborn of Vernon st., this city, who attempted suicide by drinking poison in a New York hotel, is being held by the New York police at request of the local authorities. It was learned today. The girl, who is 17 years old, is being guarded in a hospital where she was taken after being found floating in agony in her room in the Herald Square hotel.

Miss Kilborn is the daughter of Mrs. John Sand, and makes out home with her mother and sister. Mrs. Sand said she believes a love quarrel was responsible for the girl's act.

PRISONER HIDING IN CELL SHOOTING OFFICER

Boston, July 27 (AP)—Shot in a gun battle with a prisoner attempting to escape today, Fred Currier, undersheriff of Saratoga County, was critically injured. Fred Brown of Holland, Vt., the prisoner, had concealed himself beneath a blanket and when officers entered his cell on July 27.

When Brown had emptied his gun he held up his hands and submitted quietly to the guards. Brown was being taken in connection with the theft of an automobile.

HORSE IS DROWNED IN MYSTIC RIVER

A horse drawing a moving machine was drowned today in Mystic river at Medford today when one wheel of the heavy machine slipped over the river embankment in the Mystic Valley parkway. James J. Brown of Wolcott, Vt., driver of the machine, saved himself by jumping ashore.

The heavy machine, however, had the horse beneath the surface and his life was extinct by the time the traces were cut.

DONAHUE MAY STAY ON JOB, SAYS FULLER

Governor Fuller declared today that Frank J. Donahue may continue as a member of the Industrial Accident Board so long as he is able to do his work. He is now chairman of the Democratic State Committee.

The question was raised by Charles A. Barnes of Mansfield, candidate for the Republican nomination for attorney-general, who demanded that Donahue resign from the board because of his political affiliation.

"As long as Frank sticks to his duty as he has done in the past," said the governor, "he will stay on as a member of the Industrial Accident Board. That is my position."

COX AND DAVIS BACK SMITH TO 'END OF WAR'

New York, July 27 (AP)—Democratic campaign managers today agreed that "back movement" in the South with announcement that two national standard bearers of previous years had joined "for the duration of the war" in the front ranks of the aggressive Smith-Roosevelt forces.

They are James M. Cox of Ohio and John W. Davis of West Virginia. Democratic presidential nominees of 1920 and 1924 respectively.

Davis told Chairman John J. Raskob at national headquarters here that he is expected to call for any part the national executive committee may select for him.

Cox, who came to New York yesterday to see the Times-herald editor, has a major role in the campaign for the former Ohio governor. Smith, who entered in the campaign today, is expected to be a major force in the campaign today. Smith is expected to be a major force in the campaign today.

350 INSANE LET LOOSE BY FIRE IN ASYLUM

Continued from First Page.

Nashville, and the blaze gained great headway before two companies of the Nashville fire department and a squad of police reserves arrived.

All occupants of the main building were driven from their beds, and only a few inmates of the dormitory were taken to the hospital.

Warning shouts of guards, police and firemen added to the terror of the inmates, who, soaked by scalding rain, darted across fields and down highways and railroad tracks illuminated by the flames.

When the upper walls started crumbling the patients who remained clattered about the institution screaming and injured in fear and confusion through the police lines.

Many of the patients helped guards with the unmanageable inmates during the worst of the disorder, and some were drafted to art the firemen.

Apparently the fire originated in the roof, although the cause has not been determined.

The loss was estimated at \$250,000. One inmate was slightly hurt when struck on the head by a falling brick.

SAN FRANCISCO WELCOMES HOOVER

Stanford University, Cal., July 27 (AP)—With his fellow Californians eager to pay tribute to him as the foremost citizen of the State, J. Edgar Hoover today assumed the role of one just returned from afar for the occasion of his homecoming reception, postponed at the time of his arrival because of the death of Mrs. Hoover's father.

The program called for reception in San Francisco and in the town that Hoover calls his another along the 30 miles and more of the peninsula stretching northward from the Golden Gate. The Republican president-elect's great support to be welcomed in the City Hall there by Mayor James Rolin, Jr., and to make in response by the longest march he has made since the Republican convention at Kansas City.

From the City Hall the line of march extended through the main business section of the city and then through the suburbs to South San Francisco and onward down the peninsula to Palo Alto.

It was to be the first and last public appearance of the nominee until August 11, when he will formally accept the nomination and launch his campaign.

Moses Sees No Hope of Breaking "Solid South"

New York, July 27 (AP)—Senator George H. Moses, Vice-Chairman of the National Republican Advisory Committee, is opposed to an invasion of the solid South for electoral votes. Le. Herbert Hoover, because he believes it would be useless.

"I have no time left," he said, "time enough for fervid promises to cool off. I do not have so great a liability on our ability to back up the solid South, much as I would desire to see it done."

The Senator said his advice to the Republican was to concentrate on the congressional campaign in certain sections of the South. "That is as far as I go for optimism we may expand and go after bigger game," he said.

PLANES IN RACE WITH DEATH

Providence, July 27—Two airplanes piloted by Homer T. Packard and John A. Kamm took part in a race in Black Island, both carrying seven men which it is believed will save the life of Homer Thomas, ailing of tetanus.

The plane piloted by Kamm, carrying seven from the State laboratory in this city, took off from the Charleston field in South County, while Packard, engaged by a Providence newspaper, took off from the nearby Hattowood field with more seven. Packard arrived first, followed three minutes later by Kamm, to whom the seven were taken by Capt. Joseph W. Moreau of the Rhode Island State police at a racing pace.

Four Thomas was his first on a plane of glass two weeks ago and tetanus set in.

POLICE BULLET ROUNDS SOUTH BOSTON ROBBERS

Heating a noise in the rear of a drug store at 215 West Broadway, South Boston, just before daylight this morning, Patrolman Thomas Sullivan went to the rear of the store and saw two men running away. He fired in the air and then dropped a bundle of stolen children's clothing and made their escape over several fences.

2 Rob. So. End Store

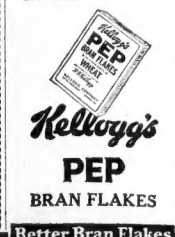

Two men held up Andrew Berenson, clerk at the drug store along at David Gluskin's at No. 63 Warren ave., forced him into his back room and escaped with \$100 which they took from the cash drawer. They came to the store and left in a motor car. Neither man was a hit.

Miss Jessie Bancroft Adds Vincent Show Specialties to Imposing Bill

FULL FLAVORED, AND RENDERED PIQUANT TO THE TASTE by certain Vincent Show specialties, in the program to be served up at the forthcoming cabaret in Cohasset. Everyone of social consequence will turn out August 3 and, thanks principally to Miss Jessie Bancroft, daughter of the Hugh Bancrofts, "everyone" will witness a show and away above the average usually considered headliners for charity causes. Miss Bancroft, who sees to these details, is busily dashing hither and yon, using keen feminine wits and wiles to corral the and that South Shore celebrity for her show.

EASILY TO NOTCH WILL BE THE VINCENT CLUB MEMBERS. Everyone who saw the last spring Vincent effort gave the palm for excellence and finish to certain dance numbers. There was a "Dramatic Coll." And a "Waltz King." And an eccentric dance, sublimated show. If you will, done by three misses dressed as former boys, that literally stopped the show and brought down the house. All three dances are included in Miss Bancroft's plan to make the Cohasset Cabaret an evening long to be remembered. And any one of the three would lift a program from mediocrity to excellence.

IT IS VERY LIKELY THE SAME TRIO OF GIRLS WHO FOOTED so cleverly through these numbers will dance on August 3. At least it is certain that Miss Bancroft and Miss Helen Rust will appear, and in all probability an attractive third member will be Miss Betty Moulton. As "Deacon White" of the Vincent show, Miss Bancroft did an eccentric character with much finesse and many humorous touches, so that she stood out star-like in the Vincent cast. Cohasset should congratulate itself on having such clever talent at hand. The St. Stephen's Church Guild is to benefit, so the Bancroft interest in the affair is very great.

Miss Jessie Bancroft

DIRECTS SHOW

Miss Jessie Bancroft is busy these days preparing for the cabaret at Cohasset on August 3.

WHEN CABARET PATRONS have hustled to their places and opened their programs they'll find that Mrs. Arctus R. Barker is to give some of her clever monologues; that Ellis Gilbert will do a specialty, and that Robert Bulard is to sing. Also, and this is very special, that Miss Bancroft has secured Edwin Oils for an appearance, the same young man who tomorrow evening sings for the Cohasset pop concert. Miss Bancroft's list is as yet by no means complete. Other and later announcements will keep riches as to entertainment.

"PYGMALION" AT STILLINGTON HALL proceeds with ecstacy and brilliance, since the further North Shore turns out each evening to applaud the splendid Shaw offering. Last night Madame Harriet Fearing, who never misses a Stillington affair, brought a large group of friends. Mrs. George L. Hatcher and Mrs. Everett Morse each played the hostess role, and the Philip M. Tuckers had guests with them. Two distinguished people in the audience were the Misses Abby and Belle Hunt, who have a magnificent estate at Beverly Cove for the summers and are devoted to the arts and whatever stands for the higher culture.

THE MOMENT CURTAINS fall on "Pygmalion" Mr. Bawell and his fellow artists turn their thoughts forward to the next Stillington offering. The Stillington Players seek to scale ambitious heights with "Peter Ibbotson." If their present success is an augury, then the Dr. Maurer play in August will be everything an amateur offering should be, overlaid with a veneer of professional theatricals. Some of those who will attend the final offerings of "Pygmalion" are Mr. and Mrs. William Wirtz Harmer of Philadelphia, the Fredrick Holdsworths and the Samuel A. Raymonds.

NOT FOR VERY LONG DOES Mrs. Horace Morison resign the care of her pet philanthropy to others. Even the delights of Peterborough in summer and a charming home in that individualistic community fail to keep her away from the Christopher Shop for any length of time.

period. Dropping into the other day the was as smart as could be in a sliver from one shoulder and matched his pearly gray (shaded with color) to a small beige-gray. This neat winter Mrs. Morison has as a daughter to present, and even now is in the throes of important preliminary, planning something official, that the bed may be brilliantly launched.

Will peace begin and gentle men kindly consider China and Japan? China's population is more than six times that of Japan; her wealth and territory infinitely greater than Japan's. As fighters, thinkers, in bravery and intelligence, Chinese equal Japanese.

But China lives in dread of Japan, and at Japan's mercy, BECAUSE CHINA IS NEVER PREPARED.

This big, rich, peace-loving country could easily give a good imitation of China. Crosses showed his pile of gold to Solon. The wise man, and Solon said something that ought to be posted across the walls of the Senate and House, and in every

room in the White House.

"IF ANY COMES HAVING BETTER IRON THAN YOU, HE WILL BE MASTER OF ALL THAT GOLD."

Little private wars, based on bootlegging, vice and extortion, proceed. Few are shot dead, riddled by machine-gun fire, in St. Louis, a third in the party lives with its wounds.

In another St. Louis gang operation three were shot down, not killed.

In Chicago, Salvador Canale, only twenty-four, drove into his garage and never drove out. Men waited there in ambush. Six bullets in his head, no clues.

London and all Britain are horrified by our "murder carnival." We take it calmly. That's why we have it.

SUPERTWIST

Goodyear SUPERTWIST *stretches the miles*

We are Goodyear dealers because we believe in selling you utmost mileage for your money. And here's the best tire "buy" in greater Boston.

We know that no human muscle was ever subjected to the terrific *sustained* flexing which a tire must undergo—25,000 times an hour at a 40 mile speed—and hour after hour.

So, if the "muscles" of a tire, which consist of the inner cord construction, are not built to stand up under that cruel strain, and keep going, then you have a tire that tires quickly and soon collapses —

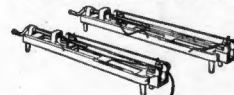

with many miles still coming to you.

Goodyear Tires do not tire because their inner muscles are built with SUPERTWIST—the rubbery, sinewy cords that stretch far beyond the point of ordinary cords, and then flex right back again, ready to overcome further rough going that would quickly kill a tire not built with SUPERTWIST.

That is why Goodyear Tires give you all the mileage you pay for—and more—and is why we sell them. The inner SUPERTWIST construction is built to outlast the tread. It stretches, flexes, keeps its shape, and adds greatly to mileage—as well as to economy.

Come in, let us show you how it's done

Any Goodyear dealer listed on this page will gladly demonstrate the SUPERTWIST principle which so greatly adds to comfort, mileage, economy, peace of mind. Come see it. Your eyes and your own sense of logic will prove beyond question why it pays to buy Goodyears instead of "tired" tires

We can furnish you Goodyear at these prices. Why, then, concern yourself with inferior tires?

TUNNEY AND HEENEY FIGHTING AT CLOSE QUARTERS

International News Reel Photos

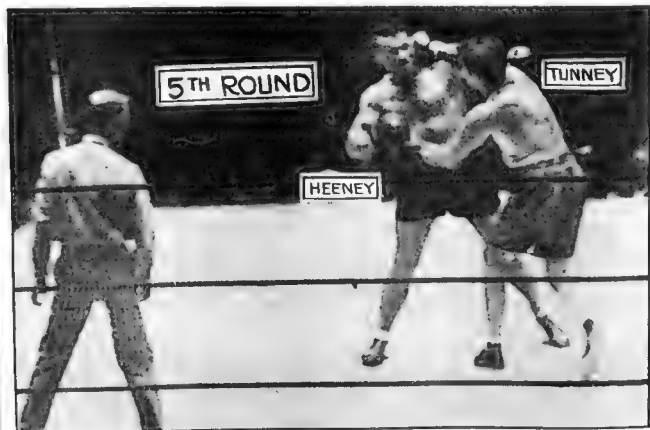

Heavy fighting at close quarters characterized several rounds of the big fight. This photo shows the pair tussling in the third, after a veritable bombardment of blows

on each side. Heeney sustained many vicious jabs in this round but turned Tunney partly around by a heavy right to the body.

They hammer each other savagely in the second round as each rushes in for a possible decisive blow. The second clinch of the battle followed.

BOSTON AMERICAN
BOSTON, FRIDAY, JULY 27, 1923

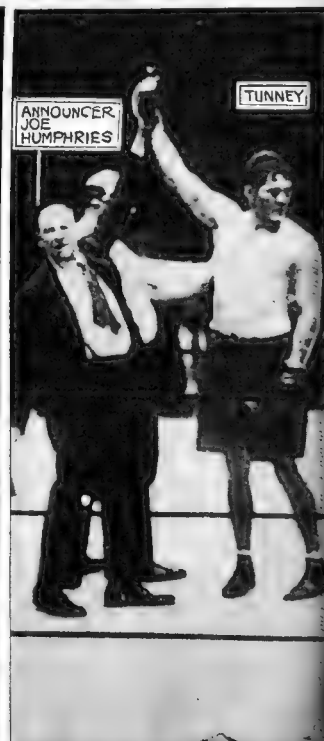

In the fifth round Tunney began hitting Heeney more freely. Photo shows champion landing heavy right on his opponent's jaw that sent Heeney to the floor. Heeney has

fallen short for lefts and rights to Gene's head and the latter countered with several hard blows to chin and jaw.

This was one in Heeney's favor when he landed a smashing blow on Tunney's jaw in the fourth round. But the champion rallied quickly before the bell rang.

Showing Joe Humphries holding up the champion's hand to announce him the winner after Heeney, barely able to shuffle, had come back to the ring in the eleventh to receive such a pound.

Martha Lee Tells of Crab Meat Dishes

Learn how to make crab meat dishes, and you will find the variety in which this delicious queen of sea foods can be served.

—Martha Lee

Crab meat and tomato salad—can be made in a hard-boiled egg. A few cubes of cucumber, cut in small pieces, a small tomato, green pepper, lettuce, and a salad bowl with lettuce leaves, washed, drained, and crushed.

On the lettuce, a spoonful of mayonnaise is spread. The tomato, cucumber, green pepper, and lettuce are then added.

Today I have for you some crab recipes guaranteed to meet the most delicate of palates.

Pepper stuffed with Crab Meat—One small can crab meat, 1 c. eggs, 1 c. tomato, 1 c. salt, 1 c. pepper, 1 c. onion, 1 c. green pepper, brown or tomato sauce.

Mix the crab meat with the bread crumbs and tomato pulp. Add the salt, pepper and onion juice. Cut the sauce from the stem end of the green pepper, remove seeds and parboil 15 minutes.

Cool, place in muffin tin, fill with crab meat mixture, cover with buttered crumbs and bake 30 minutes or until crumbs are brown.

Surround with brown or tomato sauce. A nice luncheon dish. Tomatoes can be used in the same way.

Crab Meat and Cucumber Salad—Cucumber, 1 small can crab meat, mayonnaise or boiled salad dressing.

Parse cucumbers and cut in half lengthwise. Trim to boat shape and

remove inside leaving very thin walls. Chop the cucumber and measure. For 1 cup of cucumber add 1 small can crab meat separated in flakes and free from bones, to hold materials together.

Pile lightly in the cucumber cases. Arrange on lettuce and serve most dressing separate. An attractive summer salad for luncheon or supper.

FADS AND FASHIONS

Putting All Your Eggs in One Basket—is a very reckless practice, but it is far from reckless to put all faith upon a white, basket-weave, separate coat for incidental wear. Trimmed in self-binding, stitching and usually a Norfolk collar, such a thin, smartly tailored coat is made without a lining and is quite indispensable to a summer sports wardrobe.

Dashing Patterns Cut a Dash—in the chic little finger-length coats of vivid shades of orange, apricot or emerald, with a contrasting collar, in dashing geometric designs.

In between yellow, marine blue, scarlet, jet or pearly purple, these shaggy little coats are worn over summer frocks of white or of flowered cotton, crepe, or organdy.

and garnish with a maraschino cherry on each side. This is a nice salad for a party or a buffet spread.

Crab Meat Layer Sandwiches—One can crab meat, 1 c. celery, cut in small pieces, 1 c. olive, finely chopped, and mayonnaise, finely chopped, mayonnaise, salt and paprika, white bread, graham bread.

Mix together the crab meat, celery, olive, put meats and enough mayonnaise dressing to bind ingredients together. Season to taste with salt and paprika. Spread the filling one-fourth inch thick on a slice of white bread cut one-fourth inch thick. On the long way of the loaf and spread with reserved butter; cover with a slice of buttered graham bread.

Spread with more filling and cover with another slice of buttered graham bread. Wrap in dry cheese cloth and cover with damp cheese cloth. Press under a light weight until serving time, then cut in one-fourth inch slices and arrange on small lettuce leaves. These may be carried on a platter and sliced as needed.

Faithfully yours, MARTHA LEE.

Have You Heard of Phenology? PHENOLOGY is the science which deals with the relations between climate and periodic biological phenomena, such as the migratory movements and nesting habits of birds, the leafing, flowering and fruiting of trees and plants.

How to Catch Flies

By Chas. A. L. Reed, M. D.

HOUSE flies are attracted to all forms of human food, especially bread, cheer, milk and sugar, and may pass direct from faeces to food.

These germs and eggs may pass through the fly unchanged, and the fly always retransmits its liquid excrement directly upon food or upon eating and drinking, even if there is a house fly can be a carrier of diseases and a grave menace to health.

House flies can be killed with formalin by putting down saucers containing milk and water to which a little formalin, one part in twenty, has been added. The saucers should be changed every day.

insects are on sale. A baited wire may be prepared at home by painting the following mixture on wires about a yard long with a hand held unpainted at one end and a hook at the other: Castor oil, four liquid ounces, crushed resin, nine and a half ounces. Another effective mixture is: Linseed oil, four liquid ounces or shad resin, seven and a half ounces.

The oil is first heated and then the resin stirred in. The wire is hung from the hooked end. When it is covered with flies it is passed through a flame to clear it of the mixture and corpses. It can then be repainted.

MEDITATIONS OF A WIFE

By HELEN ROWLAND
MODERN Marriage: A non-stop flight of fancy, ending in a nose-dive for Reno.
The hardest thing to make any man believe is that when a woman is "through" she is THROUGH, and not just waiting to be coaxed to begin all over again.
The sweetest part of a kiss, to a man, is the moment of expectation just before, to a woman, it is the memory, afterward.
It is difficult for men to reconcile the modern girl's view of love in silk stockings and lipsticks with real brains; but a man's enthusiasm for golf, baseball and aurora borealis sweaters never seems to them incompatible with superior intelligence.
Fainting, as a feminine accomplishment, went out of fashion at just about the moment when the new dance came in and afforded a woman a simpler and easier way of getting into a man's arms.
That faraway, contemplative smile on a man's face may mean that he is thinking something nice about you—and again and more likely, it may mean that he has just thought of something nice about himself.
Somehow, it was lots easier to get the lawn cut, the car washed and the piano tuned in the good old days before the spread of the golf mania.
The man who is most desperately in love is usually the one who comes out of it filled with the bitterest cynicism, just as the man who has been the life of the party the night before has the worst headache next morning.
In these speedy days, a girl feels quite sophisticated at 17, utterly blasé at 19, and almost senile at 25.

- 3-Keeping everlastingly at the job of telling the rest of the country all about our unique advantages as Summer and Winter Playground of the Nation.
- 4-Foster the prosperity of our industries through (1) greater efficiency in production and (2) the use of modern methods in merchandising.
- 5-Promote in every way such natural resources as forests, water powers and fisheries.
- 6-Assist New England agriculture to better marketing methods.

A man of integrity will never listen to any reason against conscience. —Hume.

Where love is great, the little doubts are few;
When little fears grow great, great love grows there.

There is some help for all the —Shakespeare.
